

WG⁺SCD LAN Education In-Person Workshop and Meeting VI

Final Agenda

October 1, 2023

*Co-hosted by the Children's Hospital of Michigan and
the Jeanne M. Lusher Center for Hemostasis and Thrombosis
Presented by the **Foundation for Women & Girls⁺ with Blood Disorders***

Objectives:

1. Increase knowledge among participants regarding the medical complications and pregnancy-related complications for WG⁺ with sickle cell disease.
2. Increase knowledge and application of best practices for the optimal management and treatment of the clinical complications that affect WG⁺ with sickle cell disease, including care related to pregnancy.
3. Develop strategies to improve clinical care that is the result of sharing clinical expertise and ideas, participation in collaborative research, and overall participation in this cross-disciplinary network.
4. Identify and define key elements of a successful Young Women's/Women's⁺ Sickle Cell Disease Program.
5. Develop and support the collaborative research agenda among WG⁺SCD members.
6. Develop and enhance the collaborative network of professionals with a common interest regarding the care of WG⁺ with sickle cell disease.
7. Continue to refine/develop the organizational structure for the WG⁺SCD LAN that will address future growth.

+ includes persons with, or have had, the ability to menstruate

Sunday, October 1, 2023
